

## Delivery Policy

### 1. Standard and Expedited Shipping

Tiger Filtration use TNT/FedEx in both the United Kingdom & Europe, offering competitive rates wherever possible. We can use the freight forwarder accounts of our customers as and when requested and the company has access to several other couriers for competitive overseas transport rates.

If you have any special delivery requirements or have any questions regarding shipping rates please email [sales@tigerfiltration.co.uk](mailto:sales@tigerfiltration.co.uk) or call our office on +44(0)191 565 5348 for more information.

### 2. Handling Time

Tiger Filtration manufacture to order and typically offer lead times of 1-3 working days from receipt of PO. Out of stock items will be manufactured to order and are typically shipped within 10-14 working days.

### 3. Insurance

Tiger Filtration Ltd offer does not offer a delivery insurance as standard, however this can be arranged with the freight forwarder upon the customer's request.
